

I) SERIES

REF	COMPONENT	DESCRIPTION	QTY
V1	DC Voltage Source	125V DC power supply source	1
R1	Resistor	20 Ω resistor for current limiting and voltage drop	1
R2	Resistor	30 Ω resistor for current limiting and voltage drop	1
R3	Resistor	50 Ω resistor for current limiting and voltage drop	1
W1	Connecting Wires / PCB Traces	Electrical connections between all components	As needed
J1	Terminal Block (Optional)	2-pin power input connector for external supply	1

II) PARALLEL CONNECTION

REF	COMPONENT	DESCRIPTION	QTY
V1	DC Voltage Source	125V DC power supply source	1
R1	Resistor	20 Ω resistor for first parallel branch	1
R2	Resistor	100 Ω resistor for second parallel branch	1
R3	Resistor	50 Ω resistor for third parallel branch	1
W1	Connecting Wires / PCB Traces	Electrical connections between all branches	As needed
J1	Terminal Block (Optional)	2-pin power input connector for external supply	1
